We are a non-profit Virginia State licensed Day Center designed for care of school students in Prince William County. We recognize the shortage of before & after school care options for families and students within the county. We therefore strive to provide a safe environment with an academic and homework focus for student who can benefit from such support during those crucial hours where they would otherwise be left on their own.

Our program costs are designed to make after school care an affordable option for county families. Our staff and our program comply with background checks, safety, education and training required by the Virginia Department of Social Services.

If you would like more information, please contact us at 703-221-6600 and we would be happy to answer any questions you may have!

If you would like to schedule a visit to discuss our program; or if you would like to speak to one of our parents with students currently enrolled in the program, we would be happy to set up a time and/or have someone contact you!
