Dumfries, VA 22026*

We are a non-profit, licensed Day Center designed for youth in Virginia Schools. We recognize the need and shortage of youth mentoring and counseling support options for students and families in Prince William County/Northern Virginia. We provide holistic mentoring, counseling and life skills development that augment academic achievement goals for student who can benefit from such support where families would otherwise be left on their own.

Our program costs are designed to make youth mentoring and counseling support an affordable option for families. Our staff and our program comply with background checks, safety, education and training required by the Virginia Department of Social Services.

If you would like more information, please contact us at 703-221-6600. We would be happy to answer any questions that you have!

If you would like to schedule a visit to review and discuss our mentoring and counseling support program; or if you would like to speak to one of the parents with students currently enrolled in the program, we would be happy to set up a time and/or have someone contact you!
